NEBO[®]

DAVINCI™ 18000

The DAVINCI™ 18000 is the pinnacle product to the NEBO DAVINCI flashlight series and is the brightest to date with 18,000 lumens. It's a rugged, yet refined design and includes our latest smart technology features like Optimized COB, Smart Power Control (SPC), Smart Temperature Control (STC), Direct-to-Low Start-up and our proprietary Mag Dial to quickly and easily select and power up in the light mode of your choice.

With up to 18,000 lumens, five light modes and 2X zoom, you can select the right light output and beam distance while conserving power and extending battery life. It's USB-C rechargeable and has a rugged aircraft grade aluminium body that is both durable, yet lightweight. The IP67 rating means that rainstorms won't put a damper on your adventures.

OUR BRIGHTEST FLASHLIGHT EVER

5 LIGHT MODES

- Turbo (18,000 lumens) - 30 second intervals / 253 meters

DISPOSABLE HAND WARMERS

Don't "Bundle Up"... "Bundle Off" with our disposable hand warmer. Our unique chemistry compound makes our disposable warmer last longer than others. When opened, air reacts to the ingredients inside the pouch to create a safe and long lasting heat so you can get on with your outdoor activities. Use it all day then dispose of it easily. With the THAW™ Disposable Small Hand Warmer, you don't have to let cold stand in your way.

Each pouch contains 2 x Small Disposable Hand Warmers.

SMALL DISPOSABLE HAND WARMERS

Use all day then dispose of easily.

FEATURES

- 10+ hours of safe natural heat
- Warms to 124°F - 51°C
- Air-activated
- Odourless
- Ready-to-use
- Long lasting
- 3 year shelf life

SIZE

- Small

QUANTITY

- x2 per pack

PLASMA LIGHTER

The TRUE Plasma Lighter next generation technology is flameless, fuel-free, rechargeable, lightweight, and easy to use. On a full charge, the Plasma Lighter offers the equivalent of over 300 matches in a compact design that easily fits in your pocket. The unique, retractable, and flexible neck makes it safer to use for a variety of lighting tasks.

Suitable for everyday carry. The plasma lighter relies on plasma arc technology that is windproof up to 80 MPH and the rugged design is water-resistant and even floats so it can handle whatever mother nature throws at you. The reinforced ABS body and rubberised exterior is rugged and impact resistant, so it is built to last. The plasma lighter relies on a lithium polymer battery that is USB-C rechargeable and can fully charge in as little as 1.5 hours.

RECHARGEABLE ARC LIGHTER

Flameless, fuel-free, rechargeable, lightweight, and easy to use.

FEATURES

- Retractable, flexible neck igniter
- Wind-proof up to 80 MPH
- 300+ ignitions on a single charge
- Flameless & Fuel-free
- Compact & Lightweight
